Soft Skills: Attention to Detail, Analytical Thinking, Problem Solving, Communication Skills, Time Management, Organizational Skills, Team Collaboration, Accuracy, Adaptability, Multitasking.

PROJECTS

1. Sales Performance MIS Dashboard using Advanced Excel

- Cleaned, transformed, and validated raw sales data using Power Query to ensure data accuracy, consistency, and reliability for business reporting and analysis.
- Created Pivot Tables, Charts, and Slicers to analyze sales trends, customer segments, product performance, and regional growth patterns across multiple categories.
- Developed an interactive Excel dashboard that provided actionable insights into key sales metrics, top-performing products, and revenue-driving regions, supporting data-driven decision-making.

2. Insta Mart Sales Analytics Dashboard using Power BI

- Performed end-to-end data cleaning, transformation, and data modeling using Power Query and Power BI to prepare structured datasets for analysis.
- Created KPIs, DAX measures, and interactive visualizations to evaluate sales performance, customer purchasing behavior, outlet performance, and product trends.
- Designed a dynamic dashboard with filters and drill-down capabilities that enabled stakeholders to identify business opportunities and make informed decisions.

3. Online Bookstore Sales Analysis using SQL

- Queried and analyzed bookstore sales data using PostgreSQL to extract meaningful insights related to revenue, inventory management, and customer purchasing behavior.
- Utilized JOINS, Aggregate Functions, GROUP BY, HAVING, and Filtering techniques to perform advanced data analysis across multiple related tables.
- Generated analytical reports highlighting sales trends, top-selling products, and customer activity patterns, helping support data-driven business decisions.
